

Salma Adel Ali Maklad

Phone: 01066536149 | Email: salmamaklad26@gmail.com | Location: Sharkia, Egypt

Career Objective

Ambitious AI and Software Engineering student with a deep interest in artificial intelligence, data science, and problem-solving. Seeking opportunities to contribute to innovative projects, enhance my technical skills, and drive impactful technological solutions.

Education

Egyptian Russian University – Bachelor's in Artificial Intelligence (Ongoing)

Relevant Courses and Certifications

- IBM (Two Certificates in AI and Data Science)
- Huawei (AI and Cloud Computing Fundamentals)
- Information Technology Institute (ITI) (Programming and AI Basics)
- Information Technology Institute (ITI) – Flutter Development Course
- Information Technology Institute (ITI) – Generative AI Course
- NVIDIA (Certificate of Competency – Building LLM Applications with Prompt Engineering)
- InnovEgypt Program (Certificate of Acknowledgement – Entrepreneurship & Startup Project Development)

Technical Skills

- Programming Languages: Python, C++, Java, MATLAB
- AI and Machine Learning: Neural Networks, NLP, Computer Vision, Deep Learning
- Data Science: Data Preprocessing, Data Visualization, Statistical Analysis, Model Training
- Software Tools: TensorFlow, PyTorch, Jupyter Notebooks, Git, OpenCV
- Web Development: HTML, CSS, JavaScript (Basic)
- Cloud Computing: IBM Cloud, Huawei Cloud

Projects and Experience

- Chatbot Development: Created a smart chatbot using Python and NLP techniques for automated customer support.
- Image Classification: Built a deep learning model for image classification using CNN in TensorFlow.
- Sentiment Analysis: Analyzed social media data to predict customer sentiment using NLP.
- Web Scraping Project: Developed a Python script to extract and analyze data for market research.

Extracurricular Activities

- Head of Public Relations, Enactus ERU
- Member of the AI and Robotics Club at the Egyptian Russian University
- Participated in Hackathons and coding challenges to enhance problem-solving skills
- Volunteered in Tech Awareness Campaigns to promote digital literacy

Soft Skills

- Problem-Solving and Critical Thinking
- Strong Communication and Presentation Skills
- Team Collaboration and Leadership
- Time Management and Organization
- Adaptability and Quick Learning

Languages

- Arabic (Native)
- English (Advanced)
- Russian (Intermediate)
- French (Basic)

Hobbies and Interests

- Exploring the latest AI technologies and applications
- Participating in hackathons and coding competitions
- Reading tech articles and research papers
- Digital art and creative design
- Community volunteering and personal development
